

DEMOCRATS BARGAINING WITH THOSE WHO FAVOR "MILD" RESERVATIONS

BULLETIN, WASHINGTON, D. C., August 14—The Senate Foreign Relations committee today decided to notify President Wilson that they desire to call on him at the White House to obtain further information of the peace treaty.

By L. C. MARTIN
United Press Correspondent

WASHINGTON, D. C., August 14—Democratic overtures have been made to the mild reservationists in the Senate for agreement on reservations to the peace treaty it was learned today. "As soon as twenty Republicans have agreed to mild reservations the program will go through," Senator McMurray told Senator Lodge today. Lodge is said to have tacitly agreed to the proposition providing the reservations meet with his approval and that the phrasing of the proposed reservations is changed in some particulars.

Senators McMurray and Kellogg are bending all their efforts to the plan and hope to bring about the desired harmony by the end of the week.

THIS BROTHERHOOD WANTS 60 PER CENT. INCREASE

CLEVELAND, Ohio, August 14—A raise in wages of 60 per cent. to meet the increased cost of living is necessary, said Timothy Shea, President of the Brotherhood of Locomotive Firemen and Engineers, at the meeting of the delegates which is drafting the new wage scale. This is the first intimation of what the railroad men will ask in their demands. The delegates have been in session for two days and it is said that the scale will be completed today.

TWO DYING FROM STRIKE RIOTS

PEORIA Ill., August 14—A truce effective until 6 P. M. has resulted in quieting down of the strike riots at the plant of the Keystone Steel Works here. Two young men, cousins and sons of the owners of the plant, are said to be dying as the result of being wounded by gunshot wounds while they were trying to protect their property from being destroyed by strikers who attacked the works and its guards.

FORD-TRIBUNE CASE GOES TO JURY

BULLETIN, MT. CLEMENS, Mich., August 14—The jury in the Henry Ford-Chicago Tribune libel suit retired today at 11 o'clock to reach a verdict. The suit is for one million dollars. The judge's charge to the jury took only two hours.

THE COUNTRY STORE TONIGHT

The Second Ward Hose company will hold an ice cream and cake festival at their hose house on Wilmers street this evening and everybody is cordially invited to attend.

A large corps of competent waiters will be on hand to minister to your wants and everybody will be properly taken care of.

In addition to the festival the boys will also open a "country store." This is to be a real feature and if you are interested in solving the ever-pressing

high cost of living problem attend tonight and take advantage of the many prize bargains offered.

There will be a genuine surprise for the careful householder at this "country store" and it will really mean dollar saving for you.

Staple goods and produce will be offered for sale at a price that will surely coax the last dollar out of the tightest-fisted citizen the town is afflicted with.

This is not "hot air" but the real thing and you will miss something if you fail to attend the Second Ward festival this evening.

CLERKS PICKETING CLEARFIELD STORES THIS AFTERNOON

Clearfield had its first day of "peaceful picketing" when the Clearfield Clerks Association in an effort to have R. Cook, grocer, and L. W. Pollock, general store, join with the other merchants of town in closing their business places on Thursday afternoon and at 6 o'clock each evening except Saturday, in accordance with the schedule finally worked out and arranged between the merchants and their clerks, took up the burden of moral suasion.

The Thursday afternoon closing went into effect last Thursday, the two stores named refusing to join. As a matter of self interest or protection the clerks formed an association and at last night's meeting decided to enforce rigidly so far as they were able the closing rule. The clerks figure that there is only so much business to be done each week and this business can be secured and attended to without loss to anybody with a five and one-half day week. This will give the clerks and the merchants as well a half day's recreation during the week.

Messrs. Cook and Pollock could not see it that way and refused to close and the Clerks' Association decided upon a silent protest against such methods and accordingly when 12 o'clock arrived today and all the other stores closed as per agreement some fifteen or twenty clerks congregated at the corner of Market and Third streets and began their afternoon vigil.

The clerks propose to march along the sidewalk in front of these places each day until the merchants see the error of their way, get into line and be fair to all as the other merchants and tradesmen are doing.

The picket line is composed of men and women in about equal number, the female of the species being as earnestly interested in the movement as the men. They are very quiet about it, say nothing to nobody, but each carries a placard on which some sentiment appropriate to the cause and occasion is printed in letters of a size sufficient to allow even he who runs to read.

The new departure is attracting a lot of interested spectators to the sidewalks but "my word," we can't say it is conducive to increasing business, as very few customers were nervous enough to run the gauntlet of that galaxy of chivalry and beauty.

Military rule is the order of the day and the pickets are given two hours on and four off duty.

FORMER WELL KNOWN BALL PLAYER DIES

William Armstrong, a former resident of Philipsburg, and a brother-in-law of James F. Shade, Edward Boyle and P. J. Kelly, of Clearfield, died at his home in Youngstown, Ohio, on Saturday last aged about 52 years. He is survived by his widow and six grown children.

The deceased was well known throughout this region in his younger days as a baseball pitcher. He made quite a reputation with Philipsburg and later moved to Patton where he resided for many years before removing to Ohio.

A. D. BIGLER HAS BEEN ASKED TO HEAD FAIR PRICE BOARD

County Food Administrator Albert D. Bigler has been asked by State Food Dictator Howard Heinz to assume once more the food burden for Clearfield county in the present crisis due to almost prohibitive living costs. Mr. Heinz's action is due to and in keeping with the government's nationwide movement to topple high living costs from their pedestal.

Under the plan suggested and now in force throughout the land "Fair Price Committees" will be formed in every county and daily or weekly lists of "fair prices" promulgated as a guide for the retailers of all food stuffs. These Fair Price Committees will be made up of representative citizens in each community who are in position to have proper knowledge of prices of foodstuffs generally.

Mr. Bigler is at work now on his local or executive committee and the district or community committees will be made up after this main committee is selected. On this committee will be named representatives of the whole sale and retail trade, labor and consumers generally.

It will be their duty to keep in touch with the State and National organizations as to prices, supplies, etc., and compile their lists, submit them to the dealers, publish them in the newspapers and then rely upon the people and retailers generally to put these prices in force. Prices will be based upon wholesale costs, will admit of just and reasonable profit to the dealer and should and no doubt will serve to allay all attempts at or thoughts of profiteering in the necessities of life.

PHILIPSBURG VS. CLEARFIELD TONIGHT

Don't miss the big ball game at the Park this evening at 6 o'clock. Both teams are on hand ready to do or die and a bang up game is bound to be the result.

The Philipsburg team has never lost a game this season and comes to Clearfield with a string of 24 victories to its credit.

Jimmy DeHart and the team which will represent Clearfield on this occasion are confident they can down the Centre county champions and at least promise to give the fans a run for their money while endeavoring to cop the game and the coin.

The game will be called promptly at 6 o'clock at the Driving Park. Get an early supper and be there.

DEVELOPMENTS ON H. C. L. PROBE IN LAST 24 HOURS

WASHINGTON, Aug. 13.—On receipt of amazing reports regarding the hoarding of food stuffs Attorney General Palmer, who is leading the administration fight against the high cost of living, asked congress for authority to bring criminal prosecution against this type of profiteers.

He suggested an amendment to the food control act, providing a penalty of \$5,000 and imprisonment of two years. Passage of this amendment would give "teeth" to the act, and enable him to reach profiteers.

Another amendment to the same act, so as to include wearing apparel, and the containers in which food, feed and fertilizers are sold, is also sought from congress by the Attorney General.

Temporarily, however, the government will employ publicity in its attack against profiteers and hoarders. The attorney said that he received numerous inquiries from U. S. district attorneys, where great quantities of foodstuffs are stored, who asked his permission to make public the amount of hoarded foodstuff, the names of the persons or corporations who own them, and quantity and length of time in storage. Permission to make public these discoveries was given to the district attorneys.

Meanwhile the government's war on profiteers, hoarding and the high cost of living took on a different aspect. There was a stream of requests for large appropriations. The largest one came from the attorney general, who wants \$1,500,000. The department of labor asks for \$475,000 and the department of commerce was only a step and a half behind in its request for \$410,000. Added to these requests are those of yesterday including \$500,000 sought by the federal trades commission and \$175,000 by the treasury department.

The general situation resolved itself into these developments:

1.—Majority leader Mondell, of the House, announced that before the house leaders would approve the granting of additional authority and funds they would have to be convinced that the use of this power and money would result in practical benefits to the public in the reduction of the cost of living. Mr. Mondell said, however, that Mr. Palmer's request for law to reach profiteers would be acted upon favorably.

2.—Representative Huddleston, Democrat, an owner of large coal fields, charged in a speech in the house that the National Coal Association had entered into an "infamous plot" to withhold coal from the market so that a shortage would result and prices would be "sky high" this winter.

3.—The Attorney General announced the first conviction obtained in the fight against present exorbitant prices. He read a telegram telling of the arrest, trial and conviction in Binghamton, N. Y., of a grocer, who asked 15 cents per pound for sugar. He was fined \$500.

4.—The Attorney General said that the response of the food administrators to his request for assistance was fine and that he had expected "great results."

5.—The department of justice received its first report regarding the destruction of food. Huge quantities of fish, off New Jersey coast, were dumped into the Atlantic so that the market would not fall. Investigation of this has been ordered.

6.—The War Department sent to all postoffices a complete list of instructions to follow in the sale of food stuffs via the parcel posts. He announced the allotment of foodstuffs to the larger cities and districts, and sent to the postmasters a price list and order blanks. The parcel post sale of foodstuffs will be given to the public August 18. The maximum weight to an individual will be 118 pounds.

7.—Prices took another tumble in the face of the sale of the war department surplus food, a revised list of reduced prices being sent out.

8.—Operations in the district of Columbia—which the President said in his address he hoped would be a model in the fight against the rising cost of necessities—has produced two committees. One of a "fair price" committee of citizens; the other a "fair price" committee of retailers.

9.—Frank A. Horn, president of the American Refrigerating Association, told the house committee on agriculture that legislation for reasonable regulation of the food storage plants would not be objected to by his organization, but that nearly all of the pending bills were too drastic.

Eleven Cents Fair Price For Sugar

Department of Justice asks Consumers to Report All Cases of Higher Charge

MANY CHARGING FIFTEEN CENTS

BULLETIN, CHICAGO, August 14—One thousand two hundred and eighty-two tubs of butter valued at \$55,000 was seized by the Federal authorities here today in the warehouses of the Central Cold Storage company.

By RALPH E. COUCH
United Press Correspondent

WASHINGTON, D. C., August 14—Eleven cents per pound has been adjudged a fair retail price for sugar by the Department of Justice, Assistant Attorney General C. W. Ames announced today. Dealers charging more will be prosecuted said Ames. Ten cents, he declared, was a fair wholesale price and the penny a pound was for the retailer making the sale. Ames asks consumers to write to the department at Washington or to the nearest U. S. District Attorney whenever after today they are charged more than eleven cents per pound for sugar. He stated that the Department had heard of a fifteen cent price being charged in many sections. All the sugar supply is now handled thru the U. S. Sugar Equalization board with headquarters in New York.

WASHINGTON, D. C., August 14—Attorney General Palmer has been called before the Senate Agricultural committee to answer objections to the extension of the food control act.

He was asked to appear at 2 P. M. during a stormy scene in the committee. Many senators declared that the food bill was at present strong enough to bring about the desired ends if it were properly enforced. Senator Smith strongly opposed extension of the government control of foods and other necessities saying that there would be no end to the list of things which the government would have to add to its list and that it would only prove burdensome to an already burdened government.

HENRY CLEWS HAS REACHED HIS 80TH MILESTONE IN LIFE

Henry Clews, who today enters upon his eightieth year has long ranked among the foremost American authorities on banking and finance. Mr. Clews was born in England and was intended by his parents for a church career. But a visit to America with his father at the age of fifteen changed his life plans. He decided to remain in New York and enter upon a business career and in pursuance of this plan he obtained a position as bookkeeper with a dry goods firm at \$250 a year. In 1857, still a boy, he began business in Wall street with a partner. A few years later, at the outbreak of the Civil war, he was appointed government financial agent for the sale of bonds to meet the expenses of the conflict. In this capacity he placed \$10,000,000 a day in loan for the government. Although active in civic affairs Mr. Clews has never sought public office. Twice he declined the portfolio of secretary of the treasury, and the Republican nomination for mayor of New York.

FRUIT CROPS SMALL GRAINS SHOW BETTER

Berries which are scarce at the present time, will be more scarce during the canning season, according to the local dealers. Peaches and apples will be very scarce this season. The majority of the peaches are shipped from Michigan and Delaware. The local crops will be very poor. Dry weather is said to be the cause. Corn and beans are said to be very plentiful this season. The corn is said to be of better quality and larger ears than in former years. Grapes are also said to be plentiful. The grape juice plants have bought them and very few will be left for the public. Tomatoes and potato crops are said to vary. In some sections the crops are good and in others poor.

GODCHARLES NAMED DEPUTY TO WOODS

HARRISBURG, PA., Aug. 14.—Fred A. Godcharles of Milton who has for the past four years been Deputy Secretary of the Commonwealth was today reappointed by Secretary Cyrus Woods. The appointment was sanctioned by Governor Sproul and the re-appointment will meet with general approval over the entire state.

MINERS FIRST AID TEAMS TO BE NEW FEATURE AT FAIR

One of the real worth while features of the coming Clearfield county fair will be the prize first aid meet, which will be participated in by possibly fifteen teams recruited from the different mining operations or towns throughout this region.

This feature will be under the direction of Howard Stewart, and he is already in touch with and expects the participation of some fifteen different teams. The following are assured:

Two teams from Grassflat.
One team from Madira.
One team from Sayrevor.
Possibly four teams from the Peale, Peacock and Kerr operations.
One team from Winburne.
Two teams from Morrisdale.
The teams mentioned above are already practically assured. These men have been engaged in first aid for some time about the different mining operations where they are employed and have already reached a high degree of efficiency and this feature at the fair will be highly interesting as well as instructive and worth while.

While Boardman, Kellytown and Carnwath have not organized first aid teams as yet entries into the contest are expected from each of these towns.
The Government Mine Rescue-Gar is expected here for the occasion and Instructor J. V. Berry will be in charge of the contest, while a board of local physicians will act as judges.
The Fair Association will provide handsome medals for the members of the two teams adjudged winners of the contest.

Applications for entry blanks or other information should address Howard Stewart, Clearfield, Pa.
The contest will be held at the Park Thursday morning, September 18th, the big day of the fair.

CRAP SHOOTERS "FADED FOR TEN"

A squad of ten crap shooters were before Mayor Chase at his office in the Borough building last evening. The Mayor lined the boys up in a row and demonstrated some knowledge of the game by announcing that he proposed "shooting" each fellow for "ten". They were dead game sports and each victim plunked down a new ten dollar bill before "fading" away from the law's majesty.

TALK IN OUR OWN BACK YARD

Local affairs are beginning to overshadow world events in the topics of the average Clearfield household and upon our streets. People were just beginning to get a little vexed over the problem of meeting the bills of the grocer and the butcher and the rent man when the barbers delivered the solar plexus which staggered Mr. Common Citizen. Adding to the trials and tribulations of the worker and the proletariat the water company began to meter all houses on their lines and now if perchance our little five year old hope happens to leave a spigot open up stairs for a few hours or a leak springs in a faucet and the plumber cannot be obtained immediately the bills will go vaulting skyward and we are going to have trouble to meet 'er. Then along comes reports of sugar being sold for as high as fifteen cents a pound and the subject changes to the sugar profiteer as he who charges an increased price is called in the language of the present day.

Speeding autists too, comes in for no little conversation. Some declare that the speed of all those fined was considerably in excess of the legal dead line. No doubt many first offenders or to say the least unconscious offenders have been caught in the net. Of one thing we are sure. Many deserved to be caught and as a result of the action of the Mayor, Clearfield will be made safer for democrats (note the small d).

Then came that incredible tale of crap shooting at \$100 a throw, and really we hardly thought anybody would believe that printed story, but it was based on facts and the best evidence that it was true is furnished by the mayor himself who has fined the frenzied financiers until today they are more frenzied than ever. It will be a healthy thing for Clearfield to break up this practice. It is a fact that the gambling habit has spread to the small boy in knee trousers and that it is not unusual to find boys of from fourteen to seventeen gambling with the seductive dice for sums that would make your head swim. One boy is known to have lost his money and his watch, another his camera and so it goes. When these conditions come about, is it not about time to call a halt?

The general trend of prices comes in for more discussion than any other topic and it is surprising that nobody gives much consideration to such outstanding factors as are apparent to everyone in the matter of our increasing expenditures for luxuries. It is a safe bet that there is more money spent in Clearfield today for ice cream, soft drinks and tobacco than there is for bread. Doesn't look much like hard times does it? Yes, you say that this luxury money is not being spent by you; that it takes all your money to buy the bare necessities. In some cases this is true but not in many but in those cases where it is true we bet our bottom dollar that you have a real home, a happy family, and are getting the real joy of living out of your life. Those who fill the stomach to feed the void in the soul will never find contentment and happiness.

COURT NOTES

Attorneys W. A. Hagerty and Chase & Chase filed a suit in the Prothonotary's office this morning on behalf of A. B. Lansberry and against Kelly Brothers, of Snow Shoe, in which Mr. Lansberry seeks to recover \$12,360.61. He alleges Kelly Bros. guaranteed payment for all coal sold to the Whitney Coal Mining Company of Philadelphia and as that company now owes and refuses to pay the amount claimed above this suit is brought against the guarantors.

A bill in equity was filed in the prothonotary's office this morning by Attorneys Hagerty and Chase & Chase on behalf of H. W. Brown and against D. E. Baird in which the plaintiff seeks to restrain the defendant from

removing timber from a tract of land near McGee's Mills owned jointly by the parties and to recover or timber already removed, pending a court decision to dissolve and account for their partnership.

Attorney L. E. Boyer instituted divorce proceedings on behalf of Nellie M. Johnston who desires a divorce from her husband, J. T. Johnson. The Johnsons were married Oct. 24, 1908 and the husband deserted Sept. 15, 1917.

Today's Political Review

The Clearfield Borough Republican dates in general and none in particular which is announced for Friday night to be held at the Arbitration Room of the Court House should be attended by every Republican in Clearfield who has the interests of his city at heart. There are many important offices to be filled, not the least of which are the seats on the borough council. It is up to the Republican party to put forth the proper calibre of men for these places. Chairman Jameson will be glad to see every Republican out on Friday evening. Two years ago there was a grand turnout at the call of Chairman Fletcher. Let us do as much for Chairman Jameson.

The Republicans of DuBois will hold a caucus also on Friday evening and it goes without saying that there will be a large representation at the meeting. DuBois has several important offices to fill this year and in addition to that it is reported that DuBoisites are considerably "hot up" over some county offices and these elements will contribute to a rousing meeting tomorrow night. It cannot be said that all will be harmony at the caucus but there is more in a large crowd of interested scrapppers than there is in a small bunch of harmonizers.

The fellow who can "deliver the vote" in his precinct in consideration of a green strip of paper about 3x7 is getting scarcer every day and may the day come quick when this specimen of the human bloodsucker is buried with the bones of the ancient animals whose skeletons the late Andrew Carnegie so studiously hunted for. There are still a few of them around but they are pretty well marked and catalogued by the various candidates and many of them are doing a little more real work around about election time in an honest effort to make a living in some other way except working the candidates. Like the late Dr. Belcher's liniment which was good for all ailments, some of these precinct rulers are for all the candidates.

LOOK OUT FOR A BIG FISH STORY

Cap. Clark and a party of Isaac Walton left this morning for a fishing trip on Pine creek. They will be gone about a week. The party is composed of all expert fishermen: Col. Danta, Abe Trimble, Cap. Moosebarger and Al Graham. Graham's big seven passenger Pierce Arrow car will carry the party to a bungalow on Pine creek about 10 miles above Jersey Shore in Lycoming county.

SECOND WARD HOSE HOUSE TONIGHT

The Second Ward Hose company will hold an ice cream festival and open a real, sure-enough "country store" at their hose house on Wilmer street tonight and all Clearfield is invited to attend and participate. Real bargains to cut the living cost can be secured at the "country store" and you will miss something if you do not attend. Proceeds for benefit of firemen.

Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

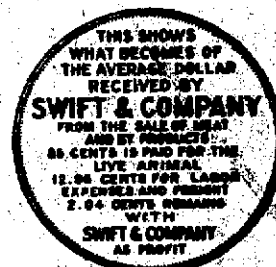

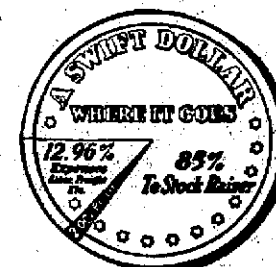

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life, long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a "Swift Dollar."

SALESPeople Form AN ORGANIZATION

The clerks of all the Clearfield stores but two were present at a meeting held in the firemen's hall in the Borough building last evening at 7:30 o'clock, which was called for the purpose of organizing a local union among the clerks.

Thomas Lynch, of the A. W. Leonardson Company Stores, temporary chairman, called the assemblage to order and briefly outlined the purpose of the gathering. After some discussion it was unanimously decided to organize and a permanent organization was effected by the election of the following officers:

President.—L. C. Matern, of Leitzinger Brothers.

Vice President.—

Secretary.—M. A. Croft, of the A. W. Leonardson Co. stores.

Treasurer.—Alex Adams, of Lytle Brothers.

Committees on constitution and by-laws, membership, meeting place, etc., were appointed and a second meeting will be held at the call of the President.

The matter of affiliation with the American Federation of Labor was discussed at length, but final action deferred to a subsequent meeting.

The purpose of the organization is to secure better working conditions for the clerks, the protection of present hours and the general advancement of the interests of the toilers. Present working hours are highly satisfactory and as all but one or two business places in the town have agreed to these the clerks organization is being formed to protect those employers who are generous enough to appreciate the services of their employees and to make it possible to get every business place on the roll of honor and see that it stays there.

LEITZINGER BROS.

The Best Place to Buy, After All

Higher manufacturing costs and other reasons not easy to name, seem to be forcing extremes in retail prices. The coming fall and winter will witness still greater advances.

We regret that some of the most desirable things for fall are limited in quantity, in many instances due to conditions beyond our control. In view of this fact all we can do is give uncolored publicity to the values in hope that you may be here in time to share in them. In every instance the early comer naturally fares best.

Come—Buy what you know that you will need, and by the time these needs arise again prices may be more within reason.

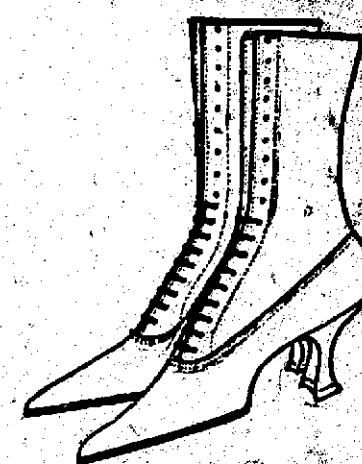

There's Money To Be Saved On These Shoes

Ladies' black kid patent leather and brown Pumps and Oxfords in this season's styles. Don't be poorly shod for the last of the season when you can get these for \$5.25 pr.

Ladies' Oxfords and Pumps in black kid, gun metal and patent leather, brown kid and calf skin in your choice of high or low heels. Values up to \$9.00. While they last, pair \$6.20

Hundreds of pairs of other desirable shoes for men, women and children are arranged on tables in our shoe department for quick disposal. COME and look them over, in any instances the price is less than the present cost would be.

We don't want to pack them away this fall and unpack them again next spring, besides you need them, so WHY NOT GET THEM NOW and save.

Final Clearance Of Ladies' Ready-To-Wear Apparel

This lot comprises the remaining ones of that much talked of line that we were showing a few weeks ago. You will probably remember the interest created by the low figures which were placed on them, despite the fact that they equaled the standard of high quality this good store upholds.

Now, even these former low prices are still lowered in a clearance event—and there is a goodly assortment from which you can make your choice. Sizes are intact from 14. For your approval—there are in this big assemblage

MAZOLA

The Perfect oil for cooking and salads

THE most discriminating epicure cannot say whether it is Mazola or imported olive oil in mayonnaise or French dressing served him. Italians who know real olive oil are enthusiastic about Mazola.

Your grocer sells Mazola at about one-half the price of the best olive oil.

Make This Delicious Mayonnaise Dressing Today

HAVE all ingredients and mixing utensils cold. Mix dry ingredients. Add egg yolks and when well mixed, add 1/2 teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly. As soon as the mixture thickens, add the remainder of the vinegar a little at a time. Now beat in the remainder of the Mazola gradually until all is used. The mayonnaise should be thick enough to hold its shape. Put in a glass jar and cover close. Place in the ice box to be used when needed. It will keep for weeks. Do not stir it when you open it; take out as much as you need with a tablespoon, and close the jar.

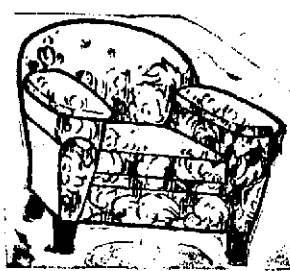

FREE Cooking made simple and economical when you consult the new 68-page Corn Products Cook Book. Attractive illustrations. A book you will keep. Free—write us today for it.

To Remove Ink Stains.

Ink can be taken from white goods with tannin if applied freely. Cold milk is good when the stains are fresh, changing the milk as often as necessary. Fresh butter is even a better solvent.

If very obstinate and the material will stand hot water, the stain should be covered with melted tallow, then washed in the usual way. Oxalic acid will remove any very obstinate stains, but can be used only on white goods, as it will destroy the color. The crystals are dissolved in boiling water and the liquid is applied to the stain. A thorough rinsing in clear water afterward is imperative.

Another Method.

In dyeing and cleaning shops ether is used almost exclusively for removing ink from fabrics. It is a powerful cleansing agent, but will destroy materials, as they are well rinsed. Either will remove perspiration stains, but should be mixed with ammonia and water. One-fourth ether, one-fourth ammonia and one-half water is a good mixture. Rinse and place in the sun.

A bottle of cologne is a most useful article, for it will take away smears if rubbed on as soon as they appear. It can be used alike on white or colored fabrics, cotton or woolen, without the slightest injury.

Ice cream makes a very bad stain because it has both grease and sugar in its make-up. To remove stains of it from silk, sponge the stained parts with gasoline or chloroform, placing a pad of absorbent cotton or blotting paper under the spots. When dry, sponge with tepid water and a good soap, and then rub with a flannel cloth until dry. This work must be done

away from the fire or artificial light. For plain strong coffee to remove the stains of ice cream or milk from black clothing. Dip a cloth in the coffee and rub it over the spot. If the coffee is applied as soon as the stain has been made, so much the better.

Julius Bonnelly

Umbrellas Are Fancy.

The umbrella manufacturers have found a welcome demand for the business supplied by fancy makes. The colored silks and matched handles and tips have proved quite popular with buyers, who not only placed appreciative orders for such goods when they bought but have put in a good duplicate business. The manufacturers have so fashioned their product now that they have made umbrellas a dress accessory, and this has done more than anything else, it is said, to encourage sales.

Chenille Embroidery.

Embroidery in chenille in matching tone is used on black and beige costumes, and the chenille matches the material. Sometimes on black satin or tulle frocks the embroideries take their pattern from lace, Alencon or Chantilly. English embroidery on tulle is a new trimming detail this season. This is especially noted on garden frocks.

Uses for Ribbon.

For dress trimming purposes, girdles, fringes, tassels and sprigles are in favor. Wide plain ribbons are in demand for sashes.

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We place Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

POST OFFICE BLOCK CLEARFIELD, PA.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Yesterday was a gala day for the town of Grampian and vicinity. It was the time for the holding of the annual picnic. It looked so much like rain during the forenoon that Curwensville people who had arranged to be in attendance, did not attempt to make the excursion. About noon the weather cleared up sufficiently to indicate that the storm was over for the day at least, hence a number of men gassed their automobiles and hied themselves to the village where the "Irish" picnic as it is generally called was being held. The Grampian people certainly showed their visitors a royal good time, if all reports are to be believed. A bunch of the younger folks went up in the evening for the express purpose of attending a dance.

There will be a meeting of the Curwensville Alumni association Friday evening at eight o'clock in the High school building. All members are requested to be present.

Willard McNaul of the Empire Tire and Rubber company, of Pittsburgh, spent the week end with his parents Mr. and Mrs. A. McNaul on West State street. He had with him as a guest J. A. Evans, of New York City, who is manager of the Pittsburgh branch.

James F. Dunn, of DuBois, was a Curwensville visitor yesterday. He is a candidate for county commissioner on the Democratic side of the fence.

Register and Recorder Ed. Chase, of Clearfield, lingered in town a few hours yesterday while on his way to Grampian to attend the "Irish" picnic and renew old acquaintances in that village of fun.

Mr. and Mrs. A. Z. Wolf, Sr., accompanied by Miss Dorothy and Miss Fannie and Master Robert Wolf, Jr. and Mrs. John Norris and Master Bruce and Mrs. I. B. Norris made up a party which left yesterday for an auto trip to Buffalo, Niagara Falls. They will spend the balance of the week in sight seeing.

James Edmondson and family autotized to Barnesboro last Sunday and spent the day with Mr. Edmondson's folks. On their return they were accompanied by Miss Rita Edmondson who is a guest in their home on North Walnut street.

Mrs. George R. Fleming, who resides on Bloomington avenue, was taken to the Clearfield hospital last Monday where she is being treated for some painful ailment on the side of her face. Yesterday she was reported as not getting along very nicely and was suffering intense pain.

Mr. and Mrs. Ben Nicholas and children, of Merchantville, N. J., are visiting at the home of A. H. Irvin, Mrs. Nicholas' father.

Messrs. Dorsey and Clyde Black are going to Clearfield where they have secured employment in the Jordan restaurant. Both young men were in the army and saw service over the sea.

A pleasant and enjoyable birthday party was held at the home of Mrs. A. M. Kirk yesterday evening. The event was given in honor of the 14th birthday anniversary of Miss Jane Kirk, a daughter of S. Bird Kirk, of Philadelphia. The young lady has been visiting her grandmother for several weeks, and last evenings entertainment will be a pleasing memory for her to carry back to her city home when she decides to return. The guests enjoyed themselves immensely until delightful refreshments were served of which all partook with a relish.

Contractors from Punxsutawney, who are putting up the brick walls of the Gates new store room on north Filbert street, are rushing the work right along and by the end of the week will have the brick laid above the second floor. The room is 82x30 feet and will be three stories high counting the basement as a story. Mr. Gates expects to be occupying the new building by Christmas time. The old building will be utilized as a warehouse and storage house.

Green Bell, the bee king of Greenwood township, was in Curwensville yesterday transacting business. He said that his honey crop would fall far short of the one harvested last season.

Charles Guck, representing the firm of the Bunting Stamp company, of Pittsburgh, has been in Curwensville, most of the week endeavoring to sell decorations for Labor Day. An Appeal To Your Fairness

We believe that you are fair and just. We believe that you will aid us in getting better working conditions. Put yourselves in our place. We work in stores have the same thing to do in the same way every day; when, in the torrid days of summer, you can seek a cool spot, we stay behind counter or desk and work; our hours of recreation are taken from our hours of sleep; we smile whether or not we feel well physically; we serve you to the best of our ability.

What we ask is this—that you arrange to do your shopping in the morning of the Thursdays that the stores are closed in the afternoon and before 5 P. M. other days and 9 P. M. Saturdays. We want our employers to do every dollar's worth of business that is possible and we believe that you will co-operate with us to this extent.

The afternoon of recreation will give you better store service for the week-end as we will be better fitted to take up the tasks after the rest and diversion.

We have submitted our case to you. Will you aid us?

ELECTED DELEGATE TO HOUTZDALE

At their regular meeting last evening A. P. Kreher was elected delegate, with Joe Sansone alternate, to represent Clearfield Fire Company No. 1 at the District Convention to be held in Houtzdale August 27th.

PRIMARY ELECTION INFORMATION

The primary election will be held on Tuesday, September 16th, 1919.

The last day for filing nomination certificates with the County Commissioners is Tuesday, August 19th.

The primary law provides that petitions for nomination for all borough or township offices must contain the signatures of at least ten electors or voters of the district wherein the candidate resides. The affidavit of the candidate must be attached to the petition.

Blank nominating petitions can be secured from the Commissioners and in no case can a candidate get his name printed on the primary ballot except he comply with the primary law as stated.

Therefore all candidates for local borough or township offices must secure these blanks and have them signed, properly sworn to and filed with the County Commissioners before August 19th to secure a place on the primary ballot.

In some instances local caucuses have been held and names suggested for borough or township offices and this list of names sent to the commissioners. This will not do, as in each case such lists must be returned and the proper procedure gone thru.

Get your primary petitions, have at least ten voters sign, each have the proper affidavit made before a Justice of the Peace or Notary Public and then file same at the County Commissioners' office and the names of such candidates will be printed on the primary ballot. That is the law and must be obeyed. We have no other option in the matter.

Under new legislation the above rule applies to DuBois City.

By order of
The County Commissioners.

An Internal Treatment For Piles (Hemorrhoids)

Many people have become dependent because they have been led to believe that their case was hopeless and that there was no remedy for their cure.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where by its soothing, healing, anti-septic action it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Bleeding relief often comes in two or three days, even in cases that have resisted all previously known treatments. Really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with his use can have their money refunded.

All pharmacists dispense Miro or you can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared, as it is not necessary to take the internal prescription.

DEMOCRATS BARGAINING WITH THOSE WHO FAVOR "MILD" RESERVATIONS

BULLETIN, WASHINGTON, D. C., August 14—The Senate Foreign Relations committee today decided to notify President Wilson that they desire to call on him at the White House to obtain further information of the peace treaty.

By L. C. MARTIN
United Press Correspondent

WASHINGTON, D. C., August 14—Democratic overtures have been made to the mild reservationists in the Senate for agreement on reservations to the peace treaty it was learned today. "As soon as twenty Republicans have agreed to mild reservations the program will go through," Senator McMurray told Senator Lodge today. Lodge is said to have tacitly agreed to the proposition providing the reservations meet with his approval and that the phrasing of the proposed reservations is changed in some particulars.

Senators McMurray and Kellogg are bending all their efforts to the plan and hope to bring about the desired harmony by the end of the week.

THIS BROTHERHOOD WANTS 60 PER CENT. INCREASE

CLEVELAND, Ohio, August 14—A raise in wages of 60 per cent. to meet the increased cost of living is necessary, said Timothy Shea, President of the Brotherhood of Locomotive Firemen and Engineers, at the meeting of the delegates which is drafting the new wage scale. This is the first intimation of what the railroad men will ask in their demands. The delegates have been in session for two days and it is said that the scale will be completed today.

THE COUNTRY STORE TONIGHT

The Second Ward Hose company will hold an ice cream and cake festival at their hose house on Witter street this evening and everybody is cordially invited to attend.

A large corps of competent waiters will be on hand to minister to your wants and everybody will be properly taken care of.

In addition to the festival the boys will also open a "country store." This is to be a real feature and if you are interested in solving the ever-pressing

high cost of living problem attend tonight and take advantage of the many prize bargains offered.

There will be a genuine surprise for the careful householder at this "country store" and it will really mean dollar saving for you.

Staple goods and produce will be offered for sale at a price that will surely coax the last dollar out of the tightest-fisted citizen the town is afflicted with.

This is not "hot air" but the real thing and you will miss something if you fail to attend the Second Ward festival this evening.

CLERKS PICKETING CLEARFIELD STORES THIS AFTERNOON

Clearfield had its first day of "peaceful picketing" when the Clearfield Clerks Association in an effort to have R. Cook, grocer, and L. W. Pollock, general store, join with the other merchants of town in closing their business places on Thursday afternoon and at 6 o'clock each evening except Saturday, in accordance with the schedule finally worked out and arranged between the merchants and their clerks, took up the burden of moral suasion.

The Thursday afternoon closing went into effect last Thursday, the two stores named refusing to join. As a matter of self interest or protection the clerks formed an association and at last night's meeting decided to enforce rigidly so far as they were able the closing rule. The clerks figure that there is only so much business to be done each week and this business can be secured and attended to without loss to anybody with a five and one-half day week. This will give the clerks and the merchants as well a half day's recreation during the week.

Messrs. Cook and Pollock could not see it that way and refused to close and the Clerks' Association decided upon a silent protest against such methods and accordingly when 12 o'clock arrived today and all the other stores closed as per agreement some fifteen or twenty clerks congregated at the corner of Market and Third streets and began their afternoon vigil.

The clerks propose to march along the sidewalk in front of these places each day until the merchants see the error of their way, get into line and be fair to all as the other merchants and tradesmen are doing.

The picket line is composed of men and women in about equal number, the female of the species being as earnestly interested in the movement as the men. They are very quiet about it, say nothing to nobody, but each carries a placard on which some sentiment appropriate to the cause and occasion is printed in letters of a size sufficient to allow even he who runs to read.

The new departure is attracting a lot of interested spectators to the sidewalks but "my word," we can't say it is conducive to increasing business, as very few customers were nervous enough to run the gauntlet of that galaxy of chivalry and beauty.

Military rule is the order of the day and the pickets are given two hours on and four off duty.

FORMER WELL KNOWN BALL PLAYER DIES

William Armstrong, a former resident of Philipsburg, and a brother-in-law of James F. Shade, Edward Boyle and P. J. Kelly, of Clearfield, died at his home in Youngstown, Ohio, on Saturday last aged about 52 years. He is survived by his widow and six grown children.

The deceased was well known throughout this region in his younger days as a baseball pitcher. He made quite a reputation with Philipsburg and later moved to Patton where he resided for many years before removing to Ohio.

A. D. BIGLER HAS BEEN ASKED TO HEAD FAIR PRICE BOARD

County Food Administrator Albert D. Bigler has been asked by State Food Dictator Howard Heinz to assume once more the food burden for Clearfield county in the present crisis due to almost prohibitive living costs. Mr. Heinz's action is due to and in keeping with the government's nationwide movement to topple high living costs from their pedestal.

Under the plan suggested and now in force throughout the land "Fair Price Committees" will be formed in every county and daily or weekly lists of "fair prices" promulgated as a guide for the retailers of all food stuffs. These Fair Price Committees will be made up of representative citizens in each community who are in position to have proper knowledge of prices of foodstuffs generally.

Mr. Bigler is at work now on his local or executive committee and the district or community committees will be made up after this main committee is selected. On this committee will be named representatives of the whole sale and retail trade, labor and consumers generally.

It will be their duty to keep in touch with the State and National organizations as to prices, supplies, etc., and compile their lists, submit them to the dealers, publish them in the newspapers and then rely upon the people and retailers generally to put these prices in force. Prices will be based upon wholesale costs, will admit of just and reasonable profit to the dealer and should and no doubt will serve to allay all attempts at or thoughts of profiteering in the necessities of life.

PHILIPSBURG VS. CLEARFIELD TONIGHT

Don't miss the big ball game at the Park this evening at 6 o'clock. Both teams are on hand ready to do or die and a bang up game is bound to be the result.

The Philipsburg team has never lost a game this season and comes to Clearfield with a string of 24 victories to its credit.

Jimmy DeHart and the team which will represent Clearfield on this occasion are confident they can down the Centre county champions and at least promise to give the fans a run for their money while endeavoring to cop the game and the coin.

The game will be called promptly at 6 o'clock at the Driving Park. Get an early supper and be there.

DEVELOPMENTS ON H. C. L. PROBE IN LAST 24 HOURS

WASHINGTON, Aug. 13.—On receipt of amazing reports regarding the hoarding of food stuffs Attorney General Palmer, who is leading the administration fight against the high cost of living, asked congress for authority to bring criminal prosecution against this type of profiteers.

He suggested an amendment to the food control act, providing a penalty of \$5,000 and imprisonment of two years. Passage of this amendment would give "teeth" to the act, and enable him to reach profiteers.

Another amendment to the same act, so as to include wearing apparel, and the containers in which food, feed and fertilizers are sold, is also sought from congress by the Attorney General.

Temporarily, however, the government will employ publicity in its attack against profiteers and hoarders. The attorney said that he received numerous inquiries from U. S. district attorneys, where great quantities of foodstuffs are stored, who asked his permission to make public the amount of hoarded foodstuff, the names of the persons or corporations who own them, and quantity and length of time in storage. Permission to make public these discoveries was given to the district attorneys.

Meanwhile the government's war on profiteers, hoarding and the high cost of living took on a different aspect. There was a stream of requests for large appropriations. The largest one came from the attorney general, who wants \$1,500,000. The department of labor asks for \$475,000 and the department of commerce was only a step and a half behind in its request for \$410,000. Added to these requests are those of yesterday including \$500,000 sought by the federal trades commission and \$175,000 by the treasury department.

The general situation resolved itself into these developments:

1.—Majority leader Mondell, of the House, announced that before the house leaders would approve the granting of additional authority and funds they would have to be convinced that the use of this power and money would result in practical benefits to the public in the reduction of the cost of living. Mr. Mondell said, however, that Mr. Palmer's request for law to reach profiteers would be acted upon favorably.

2.—Representative Huddleston, Democrat, an owner of large coal fields, charged in a speech in the house that the National Coal Association had entered into an "infamous plot" to withhold coal from the market so that a shortage would result and prices would be "sky high" this winter.

3.—The Attorney General announced the first conviction obtained in the fight against present exorbitant prices. He read a telegram telling of the arrest, trial and conviction in Binghamton, N. Y., of a grocer, who asked 15 cents per pound for sugar. He was fined \$500.

4.—The Attorney General said that the response of the food administrators to his request for assistance was fine and that he had expected "great results."

5.—The department of justice received its first report regarding the destruction of food. Huge quantities of fish, off New Jersey coast, were dumped into the Atlantic so that the market would not fall. Investigation of this has been ordered.

6.—The War Department sent to all postoffices a complete list of instructions to follow in the sale of food stuffs via the parcel posts. He announced the allotment of foodstuffs to the larger cities and districts, and sent to the postmasters a price list and order blanks. The parcel post sale of foodstuffs will be given to the public August 18. The maximum weight to an individual will be 118 pounds.

7.—Prices took another tumble in the face of the sale of the war department surplus food, a revised list of reduced prices being sent out.

8.—Operations in the district of Columbia—which the President said in his address he hoped would be a model in the fight against the rising cost of necessities—has produced two committees. One of a "fair price" committee of citizens; the other a "fair price" committee of retailers.

9.—Frank A. Horn, president of the American Refrigerating Association, told the house committee on agriculture that legislation for reasonable regulation of the food storage plants would not be objected to by his organization, but that nearly all of the pending bills were too drastic.

Eleven Cents Fair Price For Sugar

Department of Justice asks Consumers to Report All Cases of Higher Charge

MANY CHARGING FIFTEEN CENTS

BULLETIN, CHICAGO, August 14—One thousand two hundred and eighty-two tubs of butter valued at \$55,000 was seized by the Federal authorities here today in the warehouses of the Central Cold Storage company.

By RALPH E. COUCH
United Press Correspondent

WASHINGTON, D. C., August 14—Eleven cents per pound has been adjudged a fair retail price for sugar by the Department of Justice, Assistant Attorney General C. W. Ames announced today. Dealers charging more will be prosecuted said Ames. Ten cents, he declared, was a fair wholesale price and the penny a pound was for the retailer making the sale. Ames asks consumers to write to the department at Washington or to the nearest U. S. District Attorney whenever after today they are charged more than eleven cents per pound for sugar. He stated that the Department had heard of a fifteen cent price being charged in many sections. All the sugar supply is now handled thru the U. S. Sugar Equalization board with headquarters in New York.

WASHINGTON, D. C., August 14—Attorney General Palmer has been called before the Senate Agricultural committee to answer objections to the extension of the food control act.

He was asked to appear at 2 P. M. during a stormy scene in the committee. Many senators declared that the food bill was at present strong enough to bring about the desired ends if it were properly enforced. Senator Smith strongly opposed extension of the government control of foods and other necessities saying that there would be no end to the list of things which the government would have to add to its list and that it would only prove burdensome to an already burdened government.

HENRY CLEWS HAS REACHED HIS 80TH MILESTONE IN LIFE

Henry Clews, who today enters upon his eightieth year has long ranked among the foremost American authorities on banking and finance. Mr. Clews was born in England and was intended by his parents for a church career. But a visit to America with his father at the age of fifteen changed his life plans. He decided to remain in New York and enter upon a business career and in pursuance of this plan he obtained a position as bookkeeper with a dry goods firm at \$250 a year. In 1857, still a boy, he began business in Wall street with a partner. A few years later, at the outbreak of the Civil war, he was appointed government financial agent for the sale of bonds to meet the expenses of the conflict. In this capacity he placed \$10,000,000 a day in loan for the government. Although active in civic affairs Mr. Clews has never sought public office. Twice he declined the portfolio of secretary of the treasury, and the Republican nomination for mayor of New York.

FRUIT CROPS SMALL GRAINS SHOW BETTER

Berries which are scarce at the present time, will be more scarce during the canning season, according to the local dealers. Peaches and apples will be very scarce this season. The majority of the peaches are shipped from Michigan and Delaware. The local crops will be very poor. Dry weather is said to be the cause. Corn and beans are said to be very plentiful this season. The corn is said to be of better quality and larger ears than in former years. Grapes are also said to be plentiful. The grape juice plants have bought them and very few will be left for the public. Tomatoes and potato crops are said to vary. In some sections the crops are good and in others poor.

GODCHARLES NAMED DEPUTY TO WOODS

HARRISBURG, PA., Aug. 14.—Fred A. Godcharles of Milton who has for the past four years been Deputy Secretary of the Commonwealth was today reappointed by Secretary Cyrus Woods. The appointment was sanctioned by Governor Sproul and the re-appointment will meet with general approval over the entire state.

MINERS FIRST AID TEAMS TO BE NEW FEATURE AT FAIR

One of the real worth while features of the coming Clearfield county fair will be the prize first aid meet, which will be participated in by possibly fifteen teams recruited from the different mining operations or towns throughout this region.

This feature will be under the direction of Howard Stewart, and he is already in touch with and expects the participation of some fifteen different teams. The following are assured:

Two teams from Grassflat.
One team from Madira.
One team from Survevor.
Possibly four teams from the Peale, Peacock and Kerr operations.
One team from Winburne.

Two teams from Morrisdale.
The teams mentioned above are already practically assured. These men have been engaged in first aid for some time about the different mining operations where they are employed and have already reached a high degree of efficiency and this feature at the fair will be highly interesting as well as instructive and worth while.

While Boardman, Kellytown and Carnwath have not organized first aid teams as yet entries into the contest are expected from each of these towns.

The Government Mine Rescue-Gar is expected here for the occasion and Instructor J. V. Berry will be in charge of the contest, while a board of local physicians will act as judges.

The Fair Association will provide handsome medals for the members of the two teams adjudged winners of the contest.

Applications for entry blanks or other information should address Howard Stewart, Clearfield, Pa.

The contest will be held at the Park Thursday morning, September 18th, the big day of the fair.

CRAP SHOOTERS "FADED FOR TEN"

A squad of ten crap shooters were before Mayor Chase at his office in the Borough building last evening. The Mayor lined the boys up in a row and demonstrated some knowledge of the game by announcing that he proposed "shooting" each fellow for "ten". They were dead game sports and each victim plunked down a new ten dollar bill before "fading" away from the law's majesty.

TALK IN OUR OWN BACK YARD

Local affairs are beginning to overshadow world events in the topics of the average Clearfield household and upon our streets. People were just beginning to get a little vexed over the problem of meeting the bills of the grocer and the butcher and the rent man when the barbers delivered the solar plexus which staggered Mr. Common Citizen. Adding to the trials and tribulations of the worker and the proletariat the water company began to meter all houses on their lines and now if perchance our little five year old hope happens to leave a spigot open up stairs for a few hours or a leak springs in a faucet and the plumber cannot be obtained immediately the bills will go vaulting skyward and we are going to have trouble to meet 'er. Then along comes reports of sugar being sold for as high as fifteen cents a pound and the subject changes to the sugar profiteer as he who charges an increased price is called in the language of the present day.

Speeding autists too, comes in for no little conversation. Some declare that the speed of all those fined was considerably in excess of the legal dead line. No doubt many first offenders or to say the least unconscious offenders have been caught in the net. Of one thing we are sure. Many deserved to be caught and as a result of the action of the Mayor, Clearfield will be made safer for democrats (note the small d).

Then came that incredible tale of crap shooting at \$100 a throw, and really we hardly thought anybody would believe that printed story, but it was based on facts and the best evidence that it was true is furnished by the mayor himself who has fined the frenzied financiers until today they are more frenzied than ever. It will be a healthy thing for Clearfield to break up this practice. It is a fact that the gambling habit has spread to the small boy in knee trousers and that it is not unusual to find boys of from fourteen to seventeen gambling with the seductive dice for sums that would make your head swim. One boy is known to have lost his money and his watch, another his camera and so it goes. When these conditions come about, is it not about time to call a halt?

The general trend of prices comes in for more discussion than any other topic and it is surprising that nobody gives much consideration to such outstanding factors as are apparent to everyone in the matter of our increasing expenditures for luxuries. It is a safe bet that there is more money spent in Clearfield today for ice cream, soft drinks and tobacco than there is for bread. Doesn't look much like hard times does it? Yes, you say that this luxury money is not being spent by you; that it takes all your money to buy the bare necessities. In some cases this is true but not in many but in those cases where it is true we bet our bottom dollar that you have a real home, a happy family, and are getting the real joy of living out of your life. Those who fill the stomach to feed the void in the soul will never find contentment and happiness.

COURT NOTES

Attorneys W. A. Hagerty and Chase & Chase filed a suit in the Prothonotary's office this morning on behalf of A. B. Lansberry and against Kelly Brothers, of Snow Shoe, in which Mr. Lansberry seeks to recover \$12,360.61. He alleges Kelly Bros. guaranteed payment for all coal sold to the Whitney Coal Mining Company of Philadelphia and as that company now owes and refuses to pay the amount claimed above this suit is brought against the guarantors.

A bill in equity was filed in the prothonotary's office this morning by Attorneys Hagerty and Chase & Chase on behalf of H. W. Brown and against D. E. Baird in which the plaintiff seeks to restrain the defendant from

removing timber from a tract of land near McGee's Mills owned jointly by the parties and to recover or timber already removed, pending a court decision to dissolve and account for their partnership.

Attorney L. E. Boyer instituted divorce proceedings on behalf of Nellie M. Johnston who desires a divorce from her husband, J. T. Johnson. The Johnsons were married Oct. 24, 1908 and the husband deserted Sept. 15, 1917.

Today's Political Review

The Clearfield Borough Republican dates in general and none in particular which is announced for Friday night to be held at the Arbitration Room of the Court House should be attended by every Republican in Clearfield who has the interests of his city at heart. There are many important offices to be filled, not the least of which are the seats on the borough council. It is up to the Republican party to put forth the proper calibre of men for these places. Chairman Jameson will be glad to see every Republican out on Friday evening. Two years ago there was a grand turnout at the call of Chairman Pletcher. Let us do as much for Chairman Jameson.

The Republicans of DuBois will hold a caucus also on Friday evening and it goes without saying that there will be a large representation at the meeting. DuBois has several important offices to fill this year and in addition to that it is reported that DuBoisites are considerably "hot up" over some county offices and these elements will contribute to a rousing meeting tomorrow night. It cannot be said that all will be harmony at the caucus but there is more in a large crowd of interested scrapppers than there is in a small bunch of harmonizers.

The fellow who can "deliver the vote" in his precinct in consideration of a green strip of paper about 3x7 is getting scarcer every day and may the day come quick when this specimen of the human bloodsucker is buried with the bones of the ancient animals whose skeletons the late Andrew Carnegie so studiously hunted for. There are still a few of them around but they are pretty well marked and catalogued by the various candidates and many of them are doing a little more real work around about election time in an honest effort to make a living in some other way except working the candidates. Like the late Dr. Belcher's liniment which was good for all ailments, some of these precinct rulers are for all the candidates.

LOOK OUT FOR A BIG FISH STORY

Cap. Clark and a party of Isaac Walton left this morning for a fishing trip on Pine creek. They will be gone about a week. The party is composed of all expert fishermen: Col. Danta, Abe Trimble, Cap. Moosebarger and Al Graham. Graham's big seven passenger Pierce Arrow car will carry the party to a bungalow on Pine creek about 10 miles above Jersey Shore in Lycoming county.

SECOND WARD HOSE HOUSE TONIGHT

The Second Ward Hose company will hold an ice cream festival and open a real, sure-enough "country store" at their hose house on Wilmer street tonight and all Clearfield is invited to attend and participate. Real bargains to cut the living cost can be secured at the "country store" and you will miss something if you do not attend. Proceeds for benefit of firemen.

Dash Balm Quickly Banishes Soreness From Feet That Ache, Swell & Prespire

If you want strong, sturdy, vigorous feet that will stand the hardest sort of usage without discomfort get a 35-cent jar of Dash Balm for the feet tonight and just rub it on.

No bother, no fussing around getting really, simply a pleasant ointment that soaks into the skin and drives out the poisonous matter that causes the agony and inflammation.

Procrastination means misery; get a jar of Dash's today and if it isn't better than anything you have ever used for any foot trouble, money refunded. You will never know what

blessed, comfortable feet are 'till you try Dash Balm.

IMPORTANT—It is not necessary to use the balm unless there is a good deal of soreness and inflammation. In most cases Dash Antiseptic Powder sprinkled between the toes and in the sock or stocking will usually be found sufficient.

Most dealers can supply you, but if not don't accept a substitute. We will gladly send either. Mail charges paid on receipt of 75 cents, silver or stamps. Allan J. Dash Manufacturing Co., Olean, N. Y.

The August Clean-Up Sale Is Going Bigger Than Ever Before

Can you wonder at it when you stop to think of the wonderful values that we offered. The Pollack prices have been kept down to a minimum and when you take into consideration the sale prices that we placed on the merchandise you can readily see how the success of this sale has been assured from the first.

The prices for this week-end are interesting in the extreme. They are low for business conditions and the quality is the highest that you can secure anywhere.

Come before the best of the bargains are gone.

SALESPeople Form AN ORGANIZATION

The clerks of all the Clearfield stores but two were present at a meeting held in the firemen's hall in the Borough building last evening at 7:30 o'clock, which was called for the purpose of organizing a local union among the clerks.

Thomas Lynch, of the A. W. Leonardson Company Stores, temporary chairman, called the assemblage to order and briefly outlined the purpose of the gathering. After some discussion it was unanimously decided to organize and a permanent organization was effected by the election of the following officers:

President.—L. C. Matern, of Leitzinger Brothers.

Vice President.—

Secretary.—M. A. Croft, of the A. W. Leonardson Co. stores.

Treasurer.—Alex Adams, of Lytle Brothers.

Committees on constitution and by-laws, membership, meeting place, etc., were appointed and a second meeting will be held at the call of the President.

The matter of affiliation with the American Federation of Labor was discussed at length, but final action deferred to a subsequent meeting.

The purpose of the organization is to secure better working conditions for the clerks, the protection of present hours and the general advancement of the interests of the toilers. Present working hours are highly satisfactory and as all but one or two business places in the town have agreed to these the clerks organization is being formed to protect those employers who are generous enough to appreciate the services of their employees and to make it possible to get every business place on the roll of honor and see that it stays there.

LEITZINGER BROS. The Best Place to Buy, After All

Higher manufacturing costs and other reasons not easy to name, seem to be forcing extremes in retail prices. The coming fall and winter will witness still greater advances.

We regret that some of the most desirable things for fall are limited in quantity, in many instances due to conditions beyond our control. In view of this fact all we can do is give uncolored publicity to the values in hope that you may be here in time to share in them. In every instance the early comer naturally fares best.

Come—Buy what you know that you will need, and by the time these needs arise again prices may be more within reason.

There's Money To Be Saved On These Shoes

Ladies' black kid patent leather and brown Pumps and Oxfords in this season's styles. Don't be poorly shod for the last of the season when you can get these for \$5.25 pr.

Ladies' Oxfords and Pumps in black kid, gun metal and patent leather, brown kid and calf skin in your choice of high or low heels. Values up to \$9.00. While they last, pair \$6.20

Hundreds of pairs of other desirable shoes for men, women and children are arranged on tables in our shoe department for quick disposal. COME and look them over, in any instances the price is less than the present cost would be.

We don't want to pack them away this fall and unpack them again next spring, besides you need them, so WHY NOT GET THEM NOW and save.

Final Clearance Of Ladies' Ready-To-Wear Apparel

This lot comprises the remaining ones of that much talked of line that we were showing a few weeks ago. You will probably remember the interest created by the low figures which were placed on them, despite the fact that they equaled the standard of high quality this good store upholds.

Now, even these former low prices are still lowered in a clearance event—and there is a goodly assortment from which you can make your choice. Sizes are intact from 14. For your approval—there are in this big assemblage

MAZOLA

The Perfect oil for cooking and salads

THE most discriminating epicure cannot say whether it is Mazola or imported olive oil in mayonnaise or French dressing served him. Italians who know real olive oil are enthusiastic about Mazola.

Your grocer sells Mazola at about one-half the price of the best olive oil.

Make This Delicious Mayonnaise Dressing Today

2 Eggs, Yolks only 1 pint of Mazola 1 teaspoon of Mustard
1 dash of Pepper 1 teaspoon of Salt 4 tablespoons of Vinegar

HAVE all ingredients and mixing utensils cold. Mix dry ingredients. Add egg yolks and when well mixed, add $\frac{1}{2}$ teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly. As soon as the mixture thickens, add the remainder of the vinegar a little at a time. Now beat in the remainder of the Mazola gradually until all is used. The mayonnaise should be thick enough to hold its shape. Put in a glass jar and cover close. Place in the ice box to be used when needed. It will keep for weeks. Do not stir it when you open it; take out as much as you need with a tablespoon, and close the jar.

To Remove Ink Stains.

Ink can be taken from white goods with tannin if applied freely. Cold milk is good when the stains are fresh, changing the milk as often as necessary. Fresh butter is even a better solvent.

If very obstinate and the material will stand hot water, the stain should be covered with melted tallow, then washed in the usual way. Oxalic acid will remove any very obstinate stains, but can be used only on white goods, as it will destroy the color. The crystals are dissolved in boiling water and the liquid is applied to the stain. A thorough rinsing in clear water afterward is imperative.

Another Method.

In dyeing and cleaning shops ether is used almost exclusively for removing ink from fabrics. It is a powerful cleansing agent, but will destroy materials, as they are well rinsed. Either will remove perspiration stains, but should be mixed with ammonia and water. One-fourth ether, one-fourth ammonia and one-half water is a good mixture. Rinse and place in the sun.

A bottle of cologne is a most useful article, for it will take away smears if rubbed on as soon as they appear. It can be used alike on white or colored fabrics, cotton or woolen, without the slightest injury.

Ice cream makes a very bad stain because it has both grease and sugar in its make-up. To remove stains of it from silk, sponge the stained parts with gasoline or chloroform, placing a pad of absorbent cotton or blotting paper under the spots. When dry, sponge with tepid water and a good soap, and then rub with a flannel cloth until dry. This work must be done

away from the fire or artificial light. For such strong coffee to remove the stains of ice cream or milk from black clothing. Dip a cloth in the coffee and rub it over the spot. If the coffee is applied as soon as the stain has been made, so much the better.

Julius Bonnelly

Umbrellas Are Fancy.

The umbrella manufacturers have found a welcome demand to the business supplied by fancy makes. The colored silks and matched handles and tips have proved quite popular with buyers, who not only placed appreciative orders for such goods when they bought but have put in a good duplicate business. The manufacturers have so fashioned their product now that they have made umbrellas a dress accessory, and this has done more than anything else, it is said, to encourage sales.

Chenille Embroidery.

Embroidery in chenille in matching tone is used on black and beige costumes, and the chenille matches the material. Sometimes on black satin or tulle frocks the embroideries take their pattern from lace, Alencon or Chantilly. English embroidery on tulle is a new trimming detail this season. This is especially noted on garden frocks.

Uses for Ribbon.

For dress trimming purposes, girdles, fringes, tassels and sprigles are in favor. Wide plain ribbons are in demand for sashes.

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We place Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

CLEARFIELD, PA.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Yesterday was a gala day for the town of Grampian and vicinity. It was the time for the holding of the annual picnic. It looked so much like rain during the forenoon that Curwensville people who had arranged to be in attendance, did not attempt to make the excursion. About noon the weather cleared up sufficiently to indicate that the storm was over for the day at least, hence a number of men gassed their automobiles and hied themselves to the village where the "Irish" picnic as it is generally called was being held. The Grampian people certainly showed their visitors a royal good time, if all reports are to be believed. A bunch of the younger folks went up in the evening for the express purpose of attending a dance.

There will be a meeting of the Curwensville Alumni association Friday evening at eight o'clock in the High school building. All members are requested to be present.

Willard McNaul of the Empire Tire and Rubber company, of Pittsburgh, spent the week end with his parents Mr. and Mrs. A. McNaul on West State street. He had with him as a guest J. A. Evans, of New York City, who is manager of the Pittsburgh branch.

James F. Dunn, of DuBois, was a Curwensville visitor yesterday. He is a candidate for county commissioner on the Democratic side of the fence.

Register and Recorder Ed. Chase, of Clearfield, lingered in town a few hours yesterday while on his way to Grampian to attend the "Irish" picnic and renew old acquaintances in that village of fun.

Mr. and Mrs. A. Z. Wolf, Sr., accompanied by Miss Dorothy and Miss Fannie and Master Robert Wolf, Jr. and Mrs. John Norris and Master Bruce and Mrs. I. B. Norris made up a party which left yesterday for an auto trip to Buffalo, Niagara Falls. They will spend the balance of the week in sight seeing.

James Edmondson and family autotized to Barnesboro last Sunday and spent the day with Mr. Edmondson's folks. On their return they were accompanied by Miss Rita Edmondson who is a guest in their home on North Walnut street.

Mrs. George R. Fleming, who resides on Bloomington avenue, was taken to the Clearfield hospital last Monday where she is being treated for some painful ailment on the side of her face. Yesterday she was reported as not getting along very nicely and was suffering intense pain.

Frank Athens, manager of the Sugar

Bowl, has been spending most of the week in Ohio. He is expected to arrive home on Friday.

Mr. and Mrs. Ben Nicholas and children, of Merchantville, N. J., are visiting at the home of A. H. Irvin, Mrs. Nicholas' father.

Messrs. Dorsey and Clyde Black are going to Clearfield where they have secured employment in the Jordan restaurant. Both young men were in the army and saw service over the sea.

A pleasant and enjoyable birthday party was held at the home of Mrs. A. M. Kirk yesterday evening. The event was given in honor of the 14th birthday anniversary of Miss Jane Kirk, a daughter of S. Bird Kirk, of Philadelphia. The young lady has been visiting her grandmother for several weeks, and last evenings entertainment will be a pleasing memory for her to carry back to her city home when she decides to return. The guests enjoyed themselves immensely until delightful refreshments were served of which all partook with a relish.

Contractors from Punxsutawney, who are putting up the brick walls of the Gates new store room on north Filbert street, are rushing the work right along and by the end of the week will have the brick laid above the second floor. The room is 82x30 feet and will be three stories high counting the basement as a story. Mr. Gates expects to be occupying the new building by Christmas time. The old building will be utilized as a warehouse and storage house.

Green Bell, the bee king of Greenwood township, was in Curwensville yesterday transacting business. He said that his honey crop would fall far short of the one harvested last season.

Charles Gucht, representing the firm of the Bunting Stamp company, of Pittsburgh, has been in Curwensville, most of the week endeavoring to sell decorations for Labor Day. He is a printer by trade and the writer had the pleasure of working by his side some years ago. He is an uncle of Frank Hastings, of this place.

Misses Lucy and Edith Brunetti who have been visiting with friends and relatives in Altoona for a week past, returned to their home in this place yesterday.

That hog pen case heard before a Clearfield justice of the peace, in which George Lansberry was prosecutor and Ed. Bloom defendant, resulted in a decision for Bloom. Lansberry not being satisfied the way the decision was handed down, took an appeal and now will get another hearing in the court of common pleas.

A three months-old child of Mr. and Mrs. Shields, of Filbert street, died yesterday afternoon.

An Appeal To Your Fairness

We believe that you are fair and just. We believe that you will aid us in getting better working conditions. Put yourselves in our place. We work in stores have the same thing to do in the same way every day; when, in the torrid days of summer, you can seek a cool spot, we stay behind counter or desk and work; our hours of recreation are taken from our hours of sleep; we smile whether or not we feel well physically; we serve you to the best of our ability.

What we ask is this—that you arrange to do your shopping in the morning of the Thursdays that the stores are closed in the afternoon and before 5 P. M. other days and 9 P. M. Saturdays. We want our employers to do every dollar's worth of business that is possible and we believe that you will co-operate with us to this extent.

The afternoon of recreation will give you better store service for the week-end as we will be better fitted to take up the tasks after the rest and diversion.

We have submitted our case to you. Will you aid us?

ELECTED DELEGATE TO HOUTZDALE

At their regular meeting last evening A. P. Kreher was elected delegate, with Joe Sansone alternate, to represent Clearfield Fire Company No. 1 at the District Convention to be held in Houtzdale August 27th.

PRIMARY ELECTION INFORMATION

The primary election will be held on Tuesday, September 16th, 1919.

The last day for filing nomination certificates with the County Commissioners is Tuesday, August 19th.

The primary law provides that petitions for nomination for all borough or township offices must contain the signatures of at least ten electors or voters of the district wherein the candidate resides. The affidavit of the candidate must be attached to the petition.

Blank nominating petitions can be secured from the Commissioners and in no case can a candidate get his name printed on the primary ballot except he comply with the primary law as stated.

Therefore all candidates for local borough or township offices must secure these blanks and have them signed, properly sworn to and filed with the County Commissioners before August 19th to secure a place on the primary ballot.

In some instances local caucuses have been held and names suggested for borough or township offices and this list of names sent to the commissioners. This will not do, as in each case such lists must be returned and the proper procedure gone thru.

Get your primary petitions, have at least ten voters sign, each have the proper affidavit made before a Justice of the Peace or Notary Public and then file same at the County Commissioners' office and the names of such candidates will be printed on the primary ballot. That is the law and must be obeyed. We have no other option in the matter.

Under new legislation the above rule applies to DuBois City.

By order of
The County Commissioners.
Clearfield, Pa., Aug. 11, 1919.

End The Torture From Corns, Callouses, Bunions With CORN "FIX"

Sit right down and use a few drops of "CORN FIX" in 10 minutes that stubborn corn or callous which has caused you so much agony will be gone absolutely. If you will just follow the simple directions.

Can you want that for quick action? "CORN FIX" contains no ether, colloid or salicylic acid—nothing to eat the good flesh and make the foot sore. You don't have to soak or "soak" the foot night after night. It's all over in a few minutes.

There is no mystery about "CORN FIX". It's a sensible remedy that works—that's all. If your dealer cannot supply you send us 25c. in stamps and we will mail you a bottle direct.

For itching, burning, itchy, swollen, aching or vesicular feet, use "CORN FIX". Vial with 100 drops, 25c. bottles for 25c. Your money back if either fails to help you. "CORN FIX CO., INC., NEWARK, N. J."

An Internal Treatment For Piles (Hemorrhoids)

Gives Absolute relief from all pain and Suffering. Has Never failed Guaranteed

Many people have become dependent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where by its soothing, healing, anti-septic action it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Bleeding relief often comes in two or three days, even in cases that have resisted all previously known treatments. Really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with his use can have their money refunded.

All pharmacists dispense Miro or you can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared, as it is not necessary to take the internal prescription.
